Fresh Ideas for Cancer Care 2.0: Rare Cancer Diseases

Are you committed to making an impact and helping where it matters most? Do you have a passion for interdisciplinarity, want to think outside the box and develop new approaches in cancer policy and research? Are you a PhD student in life sciences, medicine, economics, law, psychology or other disciplines?

With the common goal to improve efficiency in cancer care, leading stakeholders in this field and interested PhD students will join forces to develop solutions for relevant problems.

This project is organised and carried out by the Center for Medicine – Ethics – Law Helvetiae (MERH) and the PhD Program Biomedical Ethics and Law (PhD BmEL) of the University of Zurich under the direction of Prof. Dr. iur. utr. Brigitte Tag
